*When the road calls my name,
My bike and I are one in the same.
I'll just pack up and ride in the breeze,
God and I now together soaring high above the trees.*

OUR DAD'S HANDS

God bless our Dad's precious hands for their every daily deed for they loved, fed and cared for our entire family tree.

His hands once young were able to work hard and multi task in deed. He used them ceaseless and selflessly to help teach and express his love to everyone in need.

And even though they became crippled through the years, and things became so very hard for him to do, he seldom missed a day of work at 88 plus two.

It never mattered how weak or tired Dad felt, one thing his hands never ever failed to do was to clasp them in prayer for us and all of you.

Dear heavenly Father as you so blessed our Dad's hands of gold, we pray you'll bless our whole family too, for when our own time on earth is done, we'll be honoured with his mold.

Our dad never told us how to live our lives.
He lived his and let us watch.

Early History Written in Dad's Own Words

"Born in Foley, Alabama, in 1925. My parents were married in Neudorf, Saskatchewan, then moved to this part of the USA and were farming orange groves. After some time they decided to return to their home place in Saskatchewan. This was to take up farming between Neudorf and Killaly. To attend a country school called Snowflake until ten years old.

My parents then decided to move to Killaly where my dad took up his own business in repair and blacksmithing. A few years later auto repair work was started which kept me busy in after school time.

When high school was over I was involved in auto and motor repairs. At about the age of 18, I was exempt from military service for health reasons. Later at this time my parents decided to move to the BC coast which was Chilliwack. Here I worked in dairy plants and saw mills until I was able to take up training in a welding and machine shop. I met an older man by the name of Frank Edwards who put up with me and gave me my start in my trade which I was always thankful for."

We Now Further Dad's Writing

Dad's trade as a machinist began at 18 years of age and carried on until June 16, 2015, the day before he passed away. Seventy-two years he laboured in his life's work. He and mom were married in 1951 at St. Paul's Lutheran Church (the last Sunday wedding). God blessed mom and dad with three healthy children (Brenda, Janice & Keith) who are married. Mom and Dad had six grandchildren and over time became great-grandparents of eight. Our family tree to date is 27.

Praise the Lord Dad had a very full and fruitful life. Truly there never were and still are no adequate words to express what a pillar of strength and an incredible ambassador of and for God's Kingdom Dad was. Many of the men in the Bible that were called and used by God did not have an easy journey through this human life but through them God's purposes were fulfilled.

"This was our Dad"

And right by his side at all times and in every difficult health challenge was Mom. We prayed for God's mercy and grace to be upon Dad whenever God planned to call him home, and Dad's final prayers were answered. He passed away peacefully in his son's arms with Mom by his side as always.

We, his family, can only hope and pray to be half as wise, honourable and courageous as Dad was. The Bible says to mourn with those who mourn and rejoice with those who rejoice. Today we mourn at the loss of Dad's human life, but we rejoice for our Heavenly Father's gain.
